

3-Step Interview

Detail:

In the Three-Step Interview, participants take part in three interviews.

To establish this strategy:

- Divide into pairs with someone you don't currently know. Pass out 3-Step Interview Questions.
- Three steps then are introduced, with perhaps 2-3 minutes being allocated to each step. The steps are:
Step 1: Person A asks Person B questions on interview sheet.

Step 2: Person B interviews Person A

Step 3: Person A introduces B to the group and tells about a unique interest in new teacher support.
